For the attention of Martin Darby

16th May 2011

Dear Martin

Ref: Phase 2 & 3 Frome Road, Bradford on Avon, Wiltshire

Just a quick note to say a big thank you to you and all the team for all your hard work in carrying out the hollow core and plate flooring on our development at Bradford.

From our initial inquiry, costing, design, delivery and installation the whole process was managed professionally and efficiently and I am more than pleased with the end product.

You accommodated many variations in design and delivery within the contract budget which during these rather trying times was appreciated.

The whole process was managed and controlled to keep the focus on what we wanted and I would have no hesitation in using your company and your products again.

With every best wish

PP Mark Donovan
