

ENVIRONMENTAL POLICY

Flood Precast is a provider of precast products operating at The Murrens, Hilltown, Oldcastle, Co. Meath.

We recognise that each activity, product and service that we provide has a potential impact on the environment and the local community.

Our objective is to minimise the environmental impacts and where practicable provide environmental benefit.

The company is committed to compliance with existing legislation, prevention of pollution and continuous improvement of environmental management to ISO 14001 Standard.

To ensure that environmental impacts are controlled and minimised and that our objectives and commitments are achieved we have established and will maintain an Environmental Management System.

This system is part of the overall management system for the site and will enable us to provide materials and services to society in a manner that we meet our environmental obligations.
